## EXPERIENCE

### WISETECH GLOBAL

NOVEMBER 2015 - TODAY

### SOFTWARE DEVELOPER

CargoWise One is the operating system for the logistics industry. In my role, I work on one of the modules of CargoWise One, focusing on productivity and behaviour shaping. Developing in C# with TDD and on the web front-end with React and KnockoutJS. Mentor for new starters and interns.

### SMASH INC.

SEPTEMBER 2017 - TODAY

### IT DIRECTOR, TECHNICAL LEAD, SOFTWARE ENGINEER

Managing a team of 15 software developers and developing our website, component library, & in-house ticketing system built in React Typescript frontend & Express MySQL backend. Coordinating with the venue for hardware and networking requirements.

### URBANEST

FEBRUARY 2015 - NOVEMBER 2015

NOVEMBER 2011 - APRIL 2014

### CUSTOMER SERVICE ASSISTANT

Coordinate and deliver the community building and sales activity at the site ensuring high levels of customer retention and acquisition.

## EDUCATION

### UNIVERSITY OF TECHNOLOGY SYDNEY

AUGUST 2010 - AUGUST 2016

### BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY & BACHELOR OF ARTS IN INTERNATIONAL STUDIES.

Majoring in software engineering and applications development.

### KAGOSHIMA UNIVERSITY

APRIL 2014 - FEBRUARY 2015

### IN COUNTRY STUDY EXCHANGE PROGRAM

Japanese language and culture study. As well as basic programming lectures and classes in Japanese language.

## IT SKILLS

- Proficient in C#, JS, Typescript HTML, CSS
  - React, Knockout, Express, Jasmine, Jest, node
- Confident in Java, Objective C, Swift languages and Azure CI and CD.
- Passionate about UI design
- Experienced in Project management and team leading
- Knowledge of routing and working with networks

## ACHIEVEMENTS

- Successfully built and deployed a ticketing system that is used by over 20,000 users over a year.
- Successfully pitched a UI and backend redesign of one the modules of our CargoWise One system, that I am the project lead for.
- Created an iOS application which is actively used for research in Kagoshima university vision lab
- Designed, coded & managed multiple blogging, and company websites with over 2000 views per day
- Managed the users and assets of an organisation of over 500 via GSuite, Atlassian Crowd, and other services.
